

Information and consent regarding processing of personal data via Automated Biometric Identity Verification

As you have chosen automated biometric identity verification for an authentication method, please read the following conditions very carefully and proceed only if you have fully understood and agreed with the conditions.

If you do not agree with the processing of your biometric personal data (facial image) and the making of automated decisions based on this data for identification purposes, please choose another authentication method for registration.

Please note that you have the right to withdraw your consent at any time. However, as a trust service provider Auðkenni is under legal obligation to store your personal data for the period prescribed by law.

Audkenni has outsourced this processing activity to a processor and its sub-processors, located in Estonia, Netherlands and the United Kingdom.

Should you have any questions relating to the processing of your personal data, please see [Auðkenni's Privacy Policy](#) and should you need to, please do not hesitate to contact Auðkenni:
